

Petersens moves to Pentwyn

Petersens, the Cardiff based PR and marketing agency, has relocated its offices to Pentwyn Business Centre.

Having spent five years operating from offices in Cardiff Gate Business Park, the agency underwent the move to accommodate their evolving needs while remaining close to the city centre.

Rob Petersen, managing director of Petersens, said "Pentwyn Business Centre was an obvious choice for relocation due to its easy accessibility and central location. The offices are modern and friendly, making them the perfect environment for our growing team. The time has come for us to progress on to bigger and better things, and this welcome move in offices marks a new phase in the life of the agency."
